

Who can I talk to if I miss home?  
What is the best way to seek legal advice?  
How do I find out about volunteering opportunities,  
or social events?

Studying in a new country can be challenging and getting that little bit of extra support from someone who knows how to help can make all the difference.

The Study Melbourne Student Centre is a 'one-stop-shop' where you can access free support, information and contacts to help you enjoy living and studying in Victoria.

We speak many languages and can help you with your questions about accommodation, health, employment, financial management and the law.

#### STUDENT QUOTES

*I was happy that someone can talk in my language, it made me so relaxed.*

*They have given me a quick response and they were ready to help me any time. The people were highly supportive and had great knowledge.*

*Helpful, cooperative. It was due to the Study Melbourne Student Centre that I was able to complete my studies.*
